Directions (51-59) Read the given passage carefully and answer the following questions. Certain parts have been highlighted to help answer the questions.

Marina was extremely afraid of the dark. When the lights went out, everything and every **shadow** appeared to her as the most terrible of monsters. Her parents explained to her, everyday and with great patience, that these things were not monsters. Marina understood her parents, but she could not stop feeling an awful fear whenever it was dark. One day her Aunt Valerie came to visit. Valerie was an incredible woman. She was famous for her courage, and for having gone on many journeys of adventure, some of which had been made into books and movies. Marina wanted to conquer her fear of the dark, so she asked her Aunt how she became so brave, and whether she had ever been frightened. "A great many times, Marina," answered her Aunt, "I remember when I was small and I was terribly afraid of the dark. I couldn't stay in the dark for even a moment".

Marina became very excited. How was it possible that someone so courageous could have been afraid of the dark? "I'll tell you a secret, Marina. It was some blind children who taught me how to be brave. They can't see, so if they had never discovered the secret of how not to be afraid of the dark, they would have been forever frightened". "It's true!" said Marina, intrigued, "Can you tell me that secret?" "Of course! The secret is to change your eyes. Since blind children can't see, their hands are their eyes. All you have to do to conquer your fear is what they do. Shut the eyes of your face and open the eyes of your hands. Let's make a deal: tonight, when you go to bed and put out the light, if anything makes you afraid, close your eyes, carefully get out of bed, and try to see what it is that's making you scared. But do it using your hands as eyes... and tomorrow tell me how you're getting on with the fear".

Marina accepted, but she was rather worried. She knew she would need to be brave to close her eyes and go and touch whatever it was that was frightening her; but she was willing to try because she was already too old for this. When her parents took her to bed, she herself **put out** the light. After a little while, she felt afraid of one of the shadows in the bedroom. Following the advice of Aunt Valerie, she closed the eyes of her face and _____(A)_____. And, summoning up all her courage, she went over to **grab** that mysterious shadow. The next morning Marina came running into the kitchen, a big smile on her face, and a song on her lips. "The monster is so soft and smooth!..." she cried, "It's my teddy bear!"

52. (c) It is mentioned in the passage, "'A great many times, Marina," answered her Aunt, "I remember when I was small and I was terribly afraid of the dark. I couldn't stay in the dark for even a moment". Referring to the quoted text, we can infer that the statement given in option (c) is appropriate in context of the given question. Hence, option (c) is the most suitable answer choice.

Shut the eyes of your face and open the eyes of your hands." As per the information available in the given passage, we can infer that option (c) is the most suitable answer choice.

54. (b) It is mentioned in the passage, "It was some blind children who taught me how to be brave. They can't see, so if they had never discovered the secret of how not to be afraid of the dark, they would have been forever frightened". Referring to the quoted text, we can infer that the statement given in option (b) is most suitable in context of the given question. Hence, option (b) is the most suitable answer choice.

55. (c) It is mentioned in the passage, "She knew she would need to be brave to close her eyes and go and touch whatever it was that was frightening her; but she was willing to try because she was already too old for this." Referring to the quoted text, we can infer that the statement given in option (c) is correct in context of the information available in the passage.

56. (d) Among the given phrases, the most suitable phrase to fill in the blank will be 'opened the eyes of her hands'. The hint can be gathered from the previous statements, where Aunt Valerie mentions that blind children use the eyes of hands. No other phrase could make the statement both grammatically correct and contextually meaningful. Hence, option (d) is the most suitable answer choice. **57. (e)** Among the given words, 'reflection' can replace 'shadow' to give a similar meaning to the statement, as given in the passage. Hence, option (e) is the most suitable answer choice.

58. (b) Put out means "to stop something from burning or shining". Here, it has been used in context of the lights, where 'switch off' can aptly replace to infer the similar meaning. Also, 'extinguish' cannot fit in the given blank as it will make the statement grammatically incorrect. Hence, option (b) is the most suitable answer choice.

Extinguish- to make a fire stop burning or a light stop shining

Blow out- if a flame, etc. blows out, it is put out by the wind, etc

59. (c) Among the given words, 'grasp' can replace 'grab' to give a similar meaning. Although other words are synonymous with 'grab' but they would not give the similar meaning to the statement. Hence, option (c) is the most suitable answer choice.

60. (a); The sentence is describing about a shift in the technology in the telecom industry. It has also mentioned about the challenges faced by the industry few years ago. Therefore, to adhere to the context of the sentence “paranoid” should be replaced by “paradigm” while “triumph” should be replaced by “havoc”. Hence, option (a) is the most suitable answer choice.

Paranoid means unreasonably or obsessively anxious, suspicious, or mistrustful.

Triumph means a great victory or achievement.

Paradigm means a typical example or pattern of something; a pattern or model.

Havoc means widespread destruction.

61. (d); Words “mislead” and “consensus” create a contextual error in the sentence and thus should be replaced by “misconceptions” and “compliance” respectively. Hence, option (d) is the most suitable answer choice.

Consensus means a general agreement.

Eminences means to fame or acknowledged superiority within a particular sphere.

Compliance means the action or fact of complying with a wish or command.

64. (c); The words given in bold “had” and “compete” create either grammatical or contextual error in the sentence. To correct the sentence, replace these words by “having” and “competitive” respectively. The sentence is given in the present tense [...can give paint manufacturers], it requires a gerund [Having] that works as a subject in the sentence, therefore, “had” should be replaced to frame a grammatically correct structure of the sentence. Moreover, to describe the quality of “pricing” an adjective [competitive] is required rather than a verb [compete]. Hence, option (c) is the most suitable answer choice.
